

Call for Tenders
Town of Gravelbourg

The Town of Gravelbourg is accepting quotes for the reinforcement of the steel support columns (welding and concrete cover), repair of the brick chimney, and installation of a slab on grade in the basement of the Town Office (Court House). Interested contractors may bid on all or any part of the project but unless explicitly stated that the contractor intends to complete a portion only, it is understood that the bidder intends to complete all of the work shown as per the plans and described in any related instructions provided by the Town of Gravelbourg.

Interested contractors should contact the Manager of Public Works of the Town of Gravelbourg prior to 5:00 pm on October 23, 2015 to get a copy of the plans and any other project details. Quotes must be submitted prior to 5:00 pm on October 30, 2015 to be considered. In any case, the Town of Gravelbourg reserves the right to accept any bid prior to October 30 and after October 23 if all who have requested drawings have already submitted their quotes. Reinforcement of the steel support columns and the repair of the brick chimney must be completed prior to December 31, 2015 and submission of a quote by a contractor indicates a commitment to comply with this deadline. In any case, a proposed start date should be included with the quote.

Quotes should include relevant details regarding materials to be used and work to be performed and must meet or exceed in quality those specified in the drawings and instructions provided by the Town of Gravelbourg. If any details are not specified within the quote, it will be understood that the contractor has reviewed the plans and instructions provided and agrees to complete the work as shown/described using any generally accepted practice approved by the engineering consultant of the Town of Gravelbourg. Please also submit a copy of certifications of persons to complete the work with your bid in accordance with the requirements shown on the plans and in the instructions. Lowest or any bid not necessarily accepted.

To enquire about this project and/or request drawings/instructions, please contact Haibo Chen, Manager of Public Works, at (306) 648-3301 ext. 3 or by email: gravelbourg.eng@sasktel.net.
