Dear Mayor & Council:

RE: Precautionary Drinking Water Advisory – Town of Gravelbourg Waterworks

Please be advised that the Water Security Agency (WSA) is rescinding the Precautionary Drinking Water Advisory (PDWA) for the users of the affected portions of the Town of Gravelbourg water system, effective August 30, 2018.

The bacteriological samples submitted by the town have tested negative for bacteria and the town has taken all necessary steps to ensure the safety of the water. The town should be commended for the steps they have taken to ensure the safety of their consumers. Please continue to send in the required bacteriological testing.

If you have any further questions or concerns please contact me at 306-630-3944.

For and on behalf of the Minister Responsible for the Saskatchewan Water Security Agency
